If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

DETAILED ACTION

Allowable Subject Matter

1. Claims 29-56 are allowed.
2. The following is an examiner's statement of reasons for allowance: in response to BPAI's order that the application be returned to the Examiner for, inter alia, "further action as may be appropriate", Examiner has reviewed the prosecution history to ensure there are no other loose ends or technicalities that may further hinder the disposal of this application. In the course of the review, Examiner has reassessed the claim interpretations in light of Applicant's remarks and determined the application allowable in view of the Applicant's arguments that the cited references do not disclose the claimed low power subsystem of claims 29, 38 and 51 that has a low power processor, a low power memory, and an external interface. Regarding the low power processor, Applicant concedes that at least Barber discloses the low power processor [pg. 4 from the Reply Brief filed April 21, 2008]. Regarding the low power memory, Applicant has distinguished the claimed low power memory from the "high speed, high power" memories disclosed in references Umina and Barber [pg. 2-3 from the Reply Brief filed April 21, 2008]. Accordingly, Hollon also did not disclose such low power memory. Regarding the external interface, Applicant has stipulated that the external interface of the low power subsystem is separate from the main computer system in light of the specification [pg. 4 from the Reply Brief filed April 21, 2008].
3. As such, the claims are allowable because none of the prior art(s) cited, anticipate(s) or render(s) obvious a method of claim 29, an apparatus of claim 38, or a low power subsystem of claim 51 that have each and every aforementioned particular component, as remarked by

Applicant, in the low power subsystem in conjunction -- i.e., viewed as a whole -- with each and every limitation of the associated claim.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to TSE CHEN whose telephone number is (571)272-3672. The examiner can normally be reached on Monday - Friday 9AM - 5PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Lee can be reached on (571) 272-3667. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
